

# 4<sup>TH</sup> INTERNATIONAL FINSWIMMING UNIVERSITY COMPETITION

Wroclaw, 01.02.2017

**Dear Finswimming Friends,**

As an organizer of 4<sup>th</sup> International Finswimming University Competition, we would like to inform You about new rules established by FISU and CMAS.

First of all, there will be a new classification – only by University. Each athlete should be submitted to the competition by her/his university/school/collage. Each university should enter not more than two (2) competitors to each individual event and not more than one team to each relay.

Advantage of this solution is that each National Federation can enroll more than 2 swimmers for every distance. We hope it will result in more athletes participating in the competition.

Please remember that it is very important to maximize the number of athletes, countries and continents participating the University Competition . It will help us to join the Universiade community.

We also kindly invite You to take part in Finswimming World Cup which is just a day before University Competitions - from 22<sup>nd</sup> of April also in Olsztyn.

Sincerely,

**Aleksander Polak**

President of Polish Underwater Federation  
CMAS Finswimming Commission member
